

HPD UNIQUE IDENTIFIER: 87838277632

CLASSIFICATION: 09 62 29 Cork Flooring

PRODUCT DESCRIPTION: Bionatural has a 100% natural and fossil plastic free core. Its innovative bio core is made of cork, sugar cane waste and natural materials, with a renewable content above 95%. Bionatural is available in cork, wood and stone visuals. The cork visuals are made using natural cork veneers and the wood and stone visuals are achieved through cutting-edge digital printing 3D embossing technology. Bionatural range will defy your senses due to its level of realism and intricate texture.

INVENTORY AND SCREENING NOTES:

Special Conditions applied: [BiologicalMaterial]

Special Conditions applied: [Polymers]

“Identified” status is reported as “No” because some substances only have an EC Number and not a CASRN. A chemical name and identifier (CASRN or EC Number) have been provided for all substances. For the substances that have an EC number with no associated CASRN, the EC number has been included in substance notes. The polymer special condition was utilized for polymer substances without CASRNs. The biological material special condition was utilized for biological materials without CASRNs.

The Health Product Declaration (HPD) Open Standard provides for the disclosure of product contents and potential associated human and environmental health hazards. Hazard associations are based on the HPD Priority Hazard Lists, the GreenScreen List Translator™, and when available, full GreenScreen® assessments. The HPD Open Standard v2.1 is not:

- a method for the assessment of exposure or risk associated with product handling or use,*
- a method for assessing potential health impacts of: (i) substances used or created during the manufacturing process or (ii) substances created after the product is delivered for end use.*

Information about life cycle, exposure and/or risk assessments performed on the product may be reported by the manufacturer in appropriate Notes sections, and/or, where applicable, in the Certifications section.

The HPD Open Standard was created and is supported by the Health Product Declaration Collaborative (the HPD Collaborative), a customer-led organization composed of stakeholders throughout the building industry that is committed to the continuous improvement of building products through transparency, openness, and innovation throughout the product supply chain.

The product manufacturer and any applicable independent verifier are solely responsible for the accuracy of statements and claims made in this HPD and
