

HPD UNIQUE IDENTIFIER: 48347776000

CLASSIFICATION: 09 68 00 Carpeting

PRODUCT DESCRIPTION: The Highline broadloom carpets are made of either virgin nylon yarn or Aquafil's ECONYL yarn, which is a regenerated nylon yarn. The carpets have Acoustic Backing (AB) designed for increased step and sound absorption, as well as improved walking comfort, without the need for a separate underlay. Carpets with AB backing are suitable for most spaces such as lobbies, corridors, hotel rooms and conference rooms. This product is Cradle to Cradle Certified® under V4.0 at the Bronze level.

Summary of product contents and results from screening individual chemical substances against HPD Priority Hazard Lists and the GreenScreen for Safer Chemicals®. The HPD does not assess whether using or handling this product will expose individuals to its chemical substances or any health risk. Refer to Section 2 for further details.

INVENTORY AND SCREENING NOTES:

In the finished product, none of the materials identified with a "Hazard Type" designator have been demonstrated to pose an increased risk to human health under typical conditions of use or exposure. The presence of these materials is based on their inclusion in certain hazard lists, which may not necessarily reflect actual health risks in real-world applications.

This section lists contents in a product based on specific threshold(s) and reports detailed health information including hazards. This HPD uses the inventory method indicated above, which is one of three possible methods:

- Basic Inventory method with Product-level threshold.
- Nested Material Inventory method with Product-level threshold
- Nested Material Inventory method with individual Material-level thresholds

Definitions and requirements for the three inventory methods and requirements for each data field can be found in the HPD Open Standard version 2.3, available on the HPDC website at: www.hpd-collaborative.org/hpd-2-3-standard

Section 4: Accessories

This section lists related products or materials that the manufacturer requires or recommends for installation (such as adhesives or fasteners), maintenance, cleaning, or operations. For information relating to the contents of these related products, refer to their applicable Health Product Declarations, if available.

No accessories are required for this product.

Section 5: General Notes

Certain substances in this product appear on one or more hazard lists designated by the HPD Collaborative. However, many of these lists were created for purposes unrelated to assessing exposure-based health risks. As a result, the identification of a hazard does not necessarily imply an increased risk to human health under normal conditions of use or exposure.

The Health Product Declaration (HPD) Open Standard provides for the disclosure of product contents and potential associated human and environmental health hazards. Hazard associations are based on the HPD Priority Hazard Lists, the GreenScreen List Translator™, and when available, full GreenScreen® assessments. The HPD Open Standard v2.1 is not:

- a method for the assessment of exposure or risk associated with product handling or use,*
- a method for assessing potential health impacts of: (i) substances used or created during the manufacturing process or (ii) substances created after the product is delivered for end use.*

Information about life cycle, exposure and/or risk assessments performed on the product may be reported by the manufacturer in appropriate Notes sections, and/or, where applicable, in the Certifications section.

The HPD Open Standard was created and is supported by the Health Product Declaration Collaborative (the HPD Collaborative), a customer-led organization composed of stakeholders throughout the building industry that is committed to the continuous improvement of building products through transparency, openness, and innovation throughout the product supply chain.

The product manufacturer and any applicable independent verifier are solely responsible for the accuracy of statements and claims made in this HPD and
