

HPD UNIQUE IDENTIFIER: 27436

CLASSIFICATION: 09 68 00 Carpeting

PRODUCT DESCRIPTION: The loose, slightly coarse structure of cotton cloth is the inspiration for Calico, and this is reproduced in both the pattern and the design of the carpet. The elegant loop structure creates the tactility and randomness that characterise the weaving of cotton cloth and the collection comes in 27 harmonising colours, all of which are carefully balanced tone-in-tone combinations. Choose from dusty shades of varying strength and character or go for a more pronounced colour choice, and whether you opt for a single colour or a combination of several, your floor will be covered with a touch of understated luxury.

CONTENT IN DESCENDING ORDER OF QUANTITY

Summary of product contents and results from screening individual chemical substances against HPD Priority Hazard Lists and the GreenScreen for Safer Chemicals®. The HPD does not assess whether using or handling this product will expose individuals to its chemical substances or any health risk. Refer to Section 2 for further details.

Section 2: Content in Descending Order of Quantity

This section lists contents in a product based on specific threshold(s) and reports detailed health information including hazards. This HPD uses the inventory method indicated above, which is one of three possible methods:

- *Basic Inventory method with Product-level threshold.*
- *Nested Material Inventory method with Product-level threshold*
- *Nested Material Inventory method with individual Material-level thresholds*

Definitions and requirements for the three inventory methods and requirements for each data field can be found in the HPD Open Standard version 2.2, available on the HPDC website at: www.hpd-collaborative.org/hpd-2-2-standard

REFORM CALICO WT

PRODUCT THRESHOLD: 1000 ppm

RESIDUALS AND IMPURITIES CONSIDERED: No

RESIDUALS AND IMPURITIES NOTES: The risk of residuals and/or impurities to be present in at a significant level (above 1000 PPM) in the product is evaluated to be extremely low

OTHER PRODUCT NOTES: The product contains auxiliaries and dyes in amounts below the threshold of 1000 PPM

Section 4: Accessories

This section lists related products or materials that the manufacturer requires or recommends for installation (such as adhesives or fasteners), maintenance, cleaning, or operations. For information relating to the contents of these related products, refer to their applicable Health Product Declarations, if available.

No accessories are required for this product.

Section 5: General Notes

This HPD covers a single product in a series of standard colorways as well as customized designs

MANUFACTURER INFORMATION

MANUFACTURER: egetaepper A/S
ADDRESS: Industrivej Nord 25
Herning West Jutland 7400, Denmark
WEBSITE: <https://egecarpets.com/>

CONTACT NAME: Camilla Jacobsen
TITLE: CSR manager
PHONE: +4597117486
EMAIL: caja@egegroup.dk

The listed contact is responsible for the validity of this HPD and attests that it is accurate and complete to the best of his or her knowledge.

Applicable facilities Manufacturing sites to which testing applies

The Health Product Declaration (HPD) Open Standard provides for the disclosure of product contents and potential associated human and environmental health hazards. Hazard associations are based on the HPD Priority Hazard Lists, the GreenScreen List Translator™, and when available, full GreenScreen® assessments. The HPD Open Standard v2.1 is not:

- *a method for the assessment of exposure or risk associated with product handling or use,*
- *a method for assessing potential health impacts of: (i) substances used or created during the manufacturing process or (ii) substances created after the product is delivered for end use.*

Information about life cycle, exposure and/or risk assessments performed on the product may be reported by the manufacturer in appropriate Notes sections, and/or, where applicable, in the Certifications section.

The HPD Open Standard was created and is supported by the Health Product Declaration Collaborative (the HPD Collaborative), a customer-led organization composed of stakeholders throughout the building industry that is committed to the continuous improvement of building products through transparency, openness, and innovation throughout the product supply chain.

The product manufacturer and any applicable independent verifier are solely responsible for the accuracy of statements and claims made in this HPD and for compliance with the HPD standard noted.
