

HPD UNIQUE IDENTIFIER: 619530240

CLASSIFICATION: 09 68 13 Tile Carpeting

PRODUCT DESCRIPTION: With a combination of matte and shiny lustre, the MADRA quality creates finely nuanced mottled effects. The crimped cut pile fascinates with its excellent room acoustics rates, extremely durability and elegance. Produced with our new technology, which can produce a circular system.

This section lists contents in a product based on specific threshold(s) and reports detailed health information including hazards. This HPD uses the inventory method indicated above, which is one of three possible methods:

- Basic Inventory method with Product-level threshold.
- Nested Material Inventory method with Product-level threshold
- Nested Material Inventory method with individual Material-level thresholds

Definitions and requirements for the three inventory methods and requirements for each data field can be found in the HPD Open Standard version 2.3, available on the HPDC website at: www.hpd-collaborative.org/hpd-2-3-standard

Section 4: Accessories

This section lists related products or materials that the manufacturer requires or recommends for installation (such as adhesives or fasteners), maintenance, cleaning, or operations. For information relating to the contents of these related products, refer to their applicable Health Product Declarations, if available.

No accessories are required for this product.

Section 5: General Notes

The classic of our OBJECT CARPET collection is a pioneer in the history of the development of acoustics solutions with its high density and unlimited suitability for broadloom, acoustic tiles and fitted RUGX.

The extremely high-quality curly velours impresses with its matte and multi-coloured curly surface. The luxurious, rich stitch rate meets the most exacting requirements_ the firm, dense structure of the high-quality polyamide 6 virgin from Radici® brand fibres guarantees that the texture of the carpet is retained in the long term and also makes the carpet less susceptible to signs of usage.

The Health Product Declaration (HPD) Open Standard provides for the disclosure of product contents and potential associated human and environmental health hazards. Hazard associations are based on the HPD Priority Hazard Lists, the GreenScreen List Translator™, and when available, full GreenScreen® assessments. The HPD Open Standard v2.1 is not:

- a method for the assessment of exposure or risk associated with product handling or use,*
- a method for assessing potential health impacts of: (i) substances used or created during the manufacturing process or (ii) substances created after the product is delivered for end use.*

Information about life cycle, exposure and/or risk assessments performed on the product may be reported by the manufacturer in appropriate Notes sections, and/or, where applicable, in the Certifications section.

The HPD Open Standard was created and is supported by the Health Product Declaration Collaborative (the HPD Collaborative), a customer-led organization composed of stakeholders throughout the building industry that is committed to the continuous improvement of building products through transparency, openness, and innovation throughout the product supply chain.
