Name: Hourglass

Product ID: 09484 055 US
Website: www.knoll.com/shop/knolltextiles

Manufacturer: Burlington Contract Fabrics(ITG)
Address: 906 N. Anthony Street
Burlington, NC 27217

Description: Woven Textile Fabric

Contact Name: James Anderson
Title: Product Manager
Phone: 336-228-2843
Email: james.anderson@itg-global.com

Classification: Product Manager

Release Date: 2016-01-19
Expiry Date: 2019-01-19

SUMMARY DISCLOSURE

The content of this product was assessed for health hazard warnings as required using Pharos

Residuals Disclosure
- Measured 100 ppm (ideal)
- Measured 1000 ppm
- Predicted by process chemistry
- As per MSDS (1,000 & 10,000 ppm)
- Not disclosed
- Other

Full Disclosure of Intentional Ingredients
- Self-declared

Full Disclosure of Known Hazards
- Yes
- No

Disclosure Notes
There have been no test conducted to determine if any specific residuals are in the product.

Contents in Descending Order of Quantity
POLYETHYLENE TEREPTHALATE (PET), NYLON 6,6, Unknown, Unknown

Hazards
- PBT (Persistent Bioaccumulative Toxic)
- Cancer
- Gene Mutation
- Development
- Reproductive
- Endocrine
- Respiratory

Highest concern GreenScreen score - unknown
- Neurotoxicity
- Mammal
- Skin or Eye
- Aquatic toxicity
- Land toxicity
- Physical hazard
- Global warming
- Ozone depletion
- Multiple
- Unknown

Material (g/L)
- N/A

Regulatory (g/L)
- N/A

Does the product contain exempt VOCs?
- Yes
- No

Are there VOC-free tints available?
- Yes
- No

Total VOC Content
- N/A

VOC Emissions
- Not tested

VOC Content
- N/A
The HPD Standard is solely a declaration of product content and direct health hazards associated with exposure to its individual contents. It is not a full assessment of environmental impacts from the life cycle of this product. It is not an assessment of risks associated with actual use of the product. It does not address the potential health impacts of substances used or created during manufacture that do not appear in the final product as residuals, nor substances created during combustion or other degradation processes.

This Health Product Declaration was generated following the requirements of the noted Standard version and is valid for a total of three years after date of issue or three months after a substantive change of product contents occurs. Users should verify that this Health Product Declaration is compliant with the most current version of the HPD Standard. Accuracy of claims made in this Health Product Declaration is the sole responsibility of the listed manufacturer and certifier (if applicable). The HPD Collaborative does not warrant any claim made herein, explicit or implicit. The HPD Standard is an “open standard” developed and managed by the HPD Collaborative, a nonprofit organization. For more information, visit hpdcollaborative.org.

## CONTENT IN DESCENDING ORDER OF QUANTITY

All ingredients must be assessed for health warnings against Priority Hazard Lists, regardless of disclosure level. Priority Hazard Lists and information on the GreenScreen Benchmarks can be found at www.hpdcollaborative.org/hazardlists.

**GS**: GreenScreen Benchmark; **RC**: Recycled Content, **PC**: Post Consumer, **PI**: Post Industrial (Pre-consumer), **BO**: Both; **Nano**: comprised of nanoscale particles or nanotechnology

**POLYETHYLENE TEREPTHALATE (PET)**: None found

**NYLON 6,6**: None found

**Unknown**: Not disclosed by supplier

Depending on product SKU there could be varying degrees of dyes used (disperse and basic). Once the final product is produced and the dyes are exhausted into the fabric body (via jet dyeing) there have been no adverse health effects linked to exposure. Please note, dyed/treated fabrics are considered safe to handle for the general public, however there are individuals that can be sensitive to particular fibers, dyes or chemicals.

**CERTIFICATIONS AND COMPLIANCE**

Certifying Party = First: Manufacturer’s self-declaration; Second: Verification by trade association or other interested party; Third: Verification by independent certifier (ideal).

Applicable facilities = Manufacturing sites to which testing applies.

**ACCESSORY MATERIALS**
This section is for additional products required by warranty or recommended by the manufacturer for installation (such as adhesives, fasteners, or factory coatings) or for maintenance, cleaning, or operations. Refer to Health Product Declarations, published separately, for a complete view of these products.
Note: This declaration is not intended to address hazards of the installation process.

Code "WS" Care method: To prevent soil, frequent vacuuming or light brushing to remove dust and grime is recommended. Spot clean, with a mild solvent, an upholstery shampoo, or the foam from a mild detergent. When using a solvent or dry cleaning product, follow instructions carefully and clean only in well ventilated rooms. Avoid any product which is highly toxic. With either method, pretest a small area before proceeding. Use a professional furniture cleaning service when an overall soiled condition has been reached.

**NOTES**
