**SUMMARY DISCLOSURE**

The content of this product was assessed for health hazard warnings as required using Pharos.

- Residuals Disclosure
  - Measured 100 ppm (ideal)
  - Measured 1000 ppm
  - Predicted by process chemistry
  - As per MSDS (1,000 & 10,000 ppm)
  - Not disclosed
  - Other

- Full Disclosure of Intentional Ingredients
  - Yes  No

- Full Disclosure of Known Hazards
  - Yes  No

- Disclosure Notes
  There are no known trace chemicals in the fabric predicted by process chemistry, however there are no GreenScreen evaluations to confirm at this time.

- Health Product Declaration v1.0 - hpdcollaborative.org - Page 1 of 3
The HPD Standard is solely a declaration of product content and direct health hazards associated with exposure to its individual contents. It is not a full assessment of environmental impacts from the life cycle of this product. It is not an assessment of risks associated with actual use of the product. It does not address the potential health impacts of substances used or created during manufacture that do not appear in the final product as residuals, nor substances created during combustion or other degradation processes.

This Health Product Declaration was generated following the requirements of the noted Standard version and is valid for a total of three years after date of issue or three months after a substantive change of product contents occurs. Users should verify that this Health Product Declaration is compliant with the most current version of the HPD Standard. Accuracy of claims made in this Health Product Declaration is the sole responsibility of the listed manufacturer and certifier (if applicable). The HPD Collaborative does not warrant any claim made herein, explicit or implicit. The HPD Standard is an “open standard” developed and managed by the HPD Collaborative, a nonprofit organization. **Code "WS"** Care method: To prevent soil, frequent vacuuming or light brushing to remove dust and grime is recommended. Spot clean, with a mild solvent, an upholstery shampoo, or the foam from a mild detergent. When using a solvent or dry cleaning product, follow instructions carefully and clean only in a well ventilated rooms. Avoid any product which is highly toxic. With either method, pretest a small area before proceeding. Use a professional furniture cleaning service when an overall soiled condition has been reached.
