Calibré Quiet Down 8.5 mm with 20 mil Wear Layer
by Dixie Group Commercial

HPD UNIQUE IDENTIFIER:  21630
CLASSIFICATION:  09 65 19.23 Vinyl Tile Flooring
PRODUCT DESCRIPTION: Calibré High Performance LVT from AtlasMasland is engineered to deliver long lasting performance and durability combined with outstanding aesthetics, and is easy to install and maintain. Calibré Quiet Down features a high density 8.5 mm gauge, Wood Plastic Composite (WPC) that is rigid, strong, dimensionally stable and dent resistant, with a 0.5 mm (20mil) Wear Layer. The pre-attached underlayment minimizes sound and provides warmth and comfort underfoot. Calibré Quiet Down 8.5 mm with 20 mil Wear Layer comes with a surface protectant, an advanced finish that provides abrasion resistance and stain repellency and also inhibits the growth of odor and stain-causing mold and mildew. Calibré Quiet Down 8.5 mm with 20 mil Wear Layer has a 15 Year- Limited Commercial Wear Warranty.

CONTENT IN DESCENDING ORDER OF QUANTITY
Summary of product contents and results from screening individual chemical substances against HPD Priority Hazard Lists and the GreenScreen for Safer Chemicals®. The HPD does not assess whether using or handling this product will expose individuals to its chemical substances or any health risk. Refer to Section 2 for further details.

Calibr Quiet Down 8.5 mm with 20 mil Wear Layer
hpdrepository.hpd-collaborative.org
Section 2: Content in Descending Order of Quantity

This section lists contents in a product based on specific threshold(s) and reports detailed health information including hazards. This HPD uses the inventory method indicated above, which is one of three possible methods:

- Basic Inventory method with Product-level threshold.
- Nested Material Inventory method with Product-level threshold
- Nested Material Inventory method with individual Material-level thresholds

Definitions and requirements for the three inventory methods and requirements for each data field can be found in the HPD Open Standard version 2.2, available on the HPDC website at: www.hpd-collaborative.org/hpd-2-2-standard

---

CALIBRé QUIET DOWN 8.5 MM WITH 20 MIL WEAR LAYER

PRODUCT THRESHOLD: 100 ppm
RESIDUALS AND IMPURITIES CONSIDERED: No

RESIDUALS AND IMPURITIES NOTES: While Calibré does not meet the qualifications for "Residuals & Impurities - Considered" per HPDC's Emerging Best Practices, we have: 1) disclosed all known, intentionally-added ingredients; 2) tested this product to ensure it is free of red list heavy metals, phthalate-free, formaldehyde-free, complies with REACH SVHC, and meets VOC emissions/indoor air quality requirements per FloorScore® / CDHP/EHLB Standard Method v1.2-2017 (California Section 01350).

OTHER PRODUCT NOTES: All known, intentionally-added ingredients of Calibré are disclosed in this HPD.

Section 4: Accessories

This section lists related products or materials that the manufacturer requires or recommends for installation (such as adhesives or fasteners), maintenance, cleaning, or operations. For information relating to the contents of these related products, refer to their applicable Health Product Declarations, if available.

No accessories are required for this product.

Section 5: General Notes

Calibré High Performance LVT from AtlasMasland is a floating multilayer modular flooring and thus no adhesives are required/recommended for its installation. For more information, please refer to the professional installation manual.

Inventory Methods:
- Nested Method / Material Threshold Substances listed within each material per threshold indicated per material
- Nested Method / Product Threshold Substances listed within each material per threshold indicated per product
- Basic Method / Product Threshold Substances listed individually per threshold indicated per product
- Nano Composed of nano scale particles or nanotechnology
- Third Party Verified Verification by independent certifier approved by HPDC
- Preparer Third party preparer, if not self-prepared by manufacturer
- Applicable facilities Manufacturing sites to which testing applies

The Health Product Declaration (HPD) Open Standard provides for the disclosure of product contents and potential associated human and environmental health hazards. Hazard associations are based on the HPD Priority Hazard Lists, the GreenScreen List Translator™, and when available, full GreenScreen® assessments. The HPD Open Standard v2.1 is not:
- a method for the assessment of exposure or risk associated with product handling or use,
- a method for assessing potential health impacts of: (i) substances used or created during the manufacturing process or (ii) substances created after the product is delivered for end use.

Information about life cycle, exposure and/or risk assessments performed on the product may be reported by the manufacturer in appropriate Notes sections, and/or, where applicable, in the Certifications section.

The HPD Open Standard was created and is supported by the Health Product Declaration Collaborative (the HPD Collaborative), a customer-led organization composed of stakeholders throughout the building industry that is committed to the continuous improvement of building products through transparency, openness, and innovation throughout the product supply chain.

The product manufacturer and any applicable independent verifier are solely responsible for the accuracy of statements and claims made in this HPD and for compliance with the HPD standard noted.
