

HPD UNIQUE IDENTIFIER: 26119

CLASSIFICATION: 10 21 23.16 Cubicle Track and Hardware

PRODUCT DESCRIPTION: Engineered for optimal performance, Optitrac® Cubicle Track comes with a variety of track accessories and meets most common track specifications. Optitrac® comes with multiple carrier options including pop-out carriers and has a removable end cap for easy carrier replacement - Optitrac® is IV compatible

CONTENT IN DESCENDING ORDER OF QUANTITY

Summary of product contents and results from screening individual chemical substances against HPD Priority Hazard Lists and the GreenScreen for Safer Chemicals®. The HPD does not assess whether using or handling this product will expose individuals to its chemical substances or any health risk. Refer to Section 2 for further details.

Section 2: Content in Descending Order of Quantity

This section lists contents in a product based on specific threshold(s) and reports detailed health information including hazards. This HPD uses the inventory method indicated above, which is one of three possible methods:

- Basic Inventory method with Product-level threshold.
- Nested Material Inventory method with Product-level threshold
- Nested Material Inventory method with individual Material-level thresholds

Definitions and requirements for the three inventory methods and requirements for each data field can be found in the HPD Open Standard version 2.2, available on the HPDC website at: www.hpd-collaborative.org/hpd-2-2-standard

SUBSTANCE NOTES:

Section 3: Certifications and Compliance

This section lists applicable certification and standards compliance information for VOC emissions and VOC content. Other types of health or environmental performance testing or certifications completed for the product may be provided.

VOC EMISSIONS

Inherently non-emitting source per LEED®

CERTIFYING PARTY: Self-declared

ISSUE DATE: 2019-12-

CERTIFIER OR LAB: N/A

APPLICABLE FACILITIES: All

05

CERTIFICATE URL:

CERTIFICATION AND COMPLIANCE NOTES:

Section 4: Accessories

This section lists related products or materials that the manufacturer requires or recommends for installation (such as adhesives or fasteners), maintenance, cleaning, or operations. For information relating to the contents of these related products, refer to their applicable Health Product Declarations, if available.

BALL & CHAIN CARRIER - CE5038

HPD URL: No HPD Available

CONDITION WHEN RECOMMENDED OR REQUIRED AND/OR OTHER NOTES:

Use Ball & Chain Carriers to connect curtains to your cubicle track and provide quiet, effortless movement - the chain and hook are both rust-resistant

OPTITRAC SPOOL CARRIER - CE5040

HPD URL: No HPD Available

CONDITION WHEN RECOMMENDED OR REQUIRED AND/OR OTHER NOTES:

Use Spool Carriers to connect curtains to your cubicle track and provide quiet, effortless movement - this carrier is compatible with Optitrac®, Ultra Cube® and Whisper Cube® Cubicle Curtain Track Systems

OPTITRAC SUSPENDED CEILING BRACKETS - CE5274

HPD URL: No HPD Available

CONDITION WHEN RECOMMENDED OR REQUIRED AND/OR OTHER NOTES:

In the instance where curtain track needs to be suspended from the ceiling, use Ceiling Support Cubicle Curtain Brackets

OPTITRAC METAL END CAPS - CE5080

HPD URL: No HPD available

CONDITION WHEN RECOMMENDED OR REQUIRED AND/OR OTHER NOTES:

Ensure your cubicle curtains remain secured to the track by adding stops to each end with Metal End Caps - The simple "L" shape of the end cap easily screws through the top of the track

OPTITRAC REMOVABLE END CAP - CE5100

HPD URL: No HPD Available

CONDITION WHEN RECOMMENDED OR REQUIRED AND/OR OTHER NOTES:

Install Removable End Caps on your cubicle track to secure curtains in place - The removable design makes carrier replacement easier by eliminating the need to remove the entire track

Section 5: General Notes

Splices and bends available for quick, on-site installation and for quiet, effortless movement

Preparer Third party preparer, if not self-prepared by manufacturer
Applicable facilities Manufacturing sites to which testing applies

The Health Product Declaration (HPD) Open Standard provides for the disclosure of product contents and potential associated human and environmental health hazards. Hazard associations are based on the HPD Priority Hazard Lists, the GreenScreen List Translator™, and when available, full GreenScreen® assessments. The HPD Open Standard v2.1 is not:

- a method for the assessment of exposure or risk associated with product handling or use,
- a method for assessing potential health impacts of: (i) substances used or created during the manufacturing process or (ii) substances created after the product is delivered for end use.

Information about life cycle, exposure and/or risk assessments performed on the product may be reported by the manufacturer in appropriate Notes sections, and/or, where applicable, in the Certifications section.

The HPD Open Standard was created and is supported by the Health Product Declaration Collaborative (the HPD Collaborative), a customer-led organization composed of stakeholders throughout the building industry that is committed to the continuous improvement of building products through transparency, openness, and innovation throughout the product supply chain.

The product manufacturer and any applicable independent verifier are solely responsible for the accuracy of statements and claims made in this HPD and for compliance with the HPD standard noted.
