# Pro-Grade® 161 Low Temp by Henry Company

# **Health Product** Declaration v2.1.1

created via: HPDC Online Builder

CLASSIFICATION: 07 26 16.00

PRODUCT DESCRIPTION: Pro-Grade 161 Low Temp All Weather Flashing Cement is A multi-purpose wet/dry roof cement formulated for the contractor that can't be slowed by the weather. With unmatched adhesion to both wet and dry surfaces, Pro-Grade 161 can be applied on the vertical and will not sag, slip or mud-crack. This all-weather application flashing cement is blended to assure maximum resistance to weathering while providing ease of application by trowel. It is a soft, all temperature, pliable material that gradually hardens to a flexible, durable and watertight film. Pro-Grade 161 is formulated with Gel Technology to improve workability and ensure a clean break out of the bucket.

# Section 2: Content in Descending Order of Quantity

This section lists contents in a product based on specific threshold(s) and reports detailed health information including hazards. This HPD uses the inventory method indicated above, which is one of three possible methods:

- Basic Inventory method with Product-level threshold.
- Nested Material Inventory method with Product-level threshold
- Nested Material Inventory method with individual Material-level thresholds

Definitions and requirements for the three inventory methods and requirements for each data field can be found in the HPD Open Standard version 2.1.1, available on the HPDC website at: www.hpd-collaborative.org/hpd-2-1-1-standard

### **FLASH 906**

PRODUCT THRESHOLD: 100 ppm

RESIDUALS AND IMPURITIES CONSIDERED: Yes

RESIDUALS AND IMPURITIES NOTES: Residuals and impurities considered

SUBSTANCE NOTES: Not used in road paving - not an IARC carcinogen

**SOLVENT NAPHTHA (PETROLEUM), MEDIUM ALIPHATIC** 

OTHER PRODUCT NOTES: None

## Section 4: Accessories

This section lists related products or materials that the manufacturer requires or recommends for installation (such as adhesives or fasteners), maintenance, cleaning, or operations. For information relating to the contents of these related products, refer to their applicable Health Product Declarations, if available.

No accessories are required for this product.

## Section 5: General Notes

No additional general notes for this product.

The Health Product Declaration (HPD) Open Standard provides for the disclosure of product contents and potential associated human and environmental health hazards. Hazard associations are based on the HPD Priority Hazard Lists, the GreenScreen List Translator™, and when available, full GreenScreen® assessments. The HPD Open Standard v2.1 is not:

- a method for the assessment of exposure or risk associated with product handling or use,
- a method for assessing potential health impacts of: (i) substances used or created during the manufacturing process or (ii) substances created after the product is delivered for end use.

Information about life cycle, exposure and/or risk assessments performed on the product may be reported by the manufacturer in appropriate Notes sections, and/or, where applicable, in the Certifications section.

The HPD Open Standard was created and is supported by the Health Product Declaration Collaborative (the HPD Collaborative), a customer-led organization composed of stakeholders throughout the building industry that is committed to the continuous improvement of building products through transparency, openness, and innovation throughout the product supply chain.

The product manufacturer and any applicable independent verifier are solely responsible for the accuracy of statements and claims made in this HPD and for compliance with the HPD standard noted.
