

CLASSIFICATION: 09 65 16.23 VINYL SHEET FLOORING

PRODUCT DESCRIPTION: TEKNOFLOR® Moonscapes & Mountainscapes collections have been staples of the Teknoflor® brand for years and have the history, reputation and stamina to prove it. Moonscapes offers a non-directional “lunar” look in subtle colors that are easy to mix and match with existing interiors and flooring options while Mountainscapes offers a classic linoleum look that pays homage to its retro inspiration and traditional versatility. Both products have served as dependable wood-accent during the Teknoflor® brand’s tenure and continue to be client-favorites in a modern industry.

Section 2: Content in Descending Order of Quantity

This section lists contents in a product based on specific threshold(s) and reports detailed health information including hazards. This HPD uses the inventory method indicated above, which is one of three possible methods:

- Basic Inventory method with Product-level threshold.
- Nested Material Inventory method with Product-level threshold
- Nested Material Inventory method with individual Material-level thresholds

Definitions and requirements for the three inventory methods and requirements for each data field can be found in the HPD Open Standard version 2.1, available on the HPDC website at: www.hpd-collaborative.org/hpd-2-1-standard

TEKNOFLOR® MOONSCAPES / MOUNTAINSCAPES

PRODUCT THRESHOLD: Per GHS SDS

RESIDUALS AND IMPURITIES CONSIDERED: No

RESIDUALS AND IMPURITIES NOTES: While Teknoflor® does not meet the qualifications for "Residuals & Impurities - Considered" per HPDC's Emerging Best Practices, we have 1) disclosed all known, intentionally-added ingredients; 2) meets VOC Emissions/Indoor Air Quality requirements per FloorScore / California Section 01350.

Section 4: Accessories

This section lists related products or materials that the manufacturer requires or recommends for installation (such as adhesives or fasteners), maintenance, cleaning, or operations. For information relating to the contents of these related products, refer to their applicable Health Product Declarations, if available.

No accessories are required for this product.

Section 5: General Notes

Moonscapes and Mountainscapes are not virgin vinyl products. While these products may not qualify as a healthy product under HPDC standards, we have made every effort to be transparent in disclosing the ingredients that make up the product.

The Health Product Declaration (HPD) Open Standard provides for the disclosure of product contents and potential associated human and environmental health hazards. Hazard associations are based on the HPD Priority Hazard Lists, the GreenScreen List Translator™, and when available, full GreenScreen® assessments. The HPD Open Standard v2.1 is not:

- *a method for the assessment of exposure or risk associated with product handling or use,*
- *a method for assessing potential health impacts of: (i) substances used or created during the manufacturing process or (ii) substances created after the product is delivered for end use.*

Information about life cycle, exposure and/or risk assessments performed on the product may be reported by the manufacturer in appropriate Notes sections, and/or, where applicable, in the Certifications section.

The HPD Open Standard was created and is supported by the Health Product Declaration Collaborative (the HPD Collaborative), a customer-led organization composed of stakeholders throughout the building industry that is committed to the continuous improvement of building products through transparency, openness, and innovation throughout the product supply chain.

The product manufacturer and any applicable independent verifier are solely responsible for the accuracy of statements and claims made in this HPD and for compliance with the HPD standard noted.
