

CLASSIFICATION: 09-84-00 Acoustic Room Components

PRODUCT DESCRIPTION: TerraCORE® Poly is an acoustic product manufactured with a special blend of very low denier polyester fibers which enhance acoustical performance. It is available in both standard and high densities, white and black colors and standard 1" thickness with other sizes available.

Section 2: Content in Descending Order of Quantity

This section lists contents in a product based on specific threshold(s) and reports detailed health information including hazards. This HPD uses the inventory method indicated above, which is one of three possible methods:

- Basic Inventory method with Product-level threshold.
- Nested Material Inventory method with Product-level threshold
- Nested Material Inventory method with individual Material-level thresholds

Definitions and requirements for the three inventory methods and requirements for each data field can be found in the HPD Open Standard version 2.1.1, available on the HPDC website at: www.hpd-collaborative.org/hpd-2-1-1-standard

POLYETHYLENE TEREPHTHALATE

#: 100.00 - 100.00

PRODUCT THRESHOLD: 100 ppm

RESIDUALS AND IMPURITIES CONSIDERED: No

RESIDUALS AND IMPURITIES NOTES: This is the base material for the product. All substances in this material are below the reportable threshold.

OTHER MATERIAL NOTES: This is the base material for the product. All substances in this material are below the reportable threshold.

POLYETHYLENE TEREPHTHALATE (PET)

ID: 25038-59-9

HAZARD SCREENING METHOD: Pharos Chemical and Materials Library

HAZARD SCREENING DATE: 2020-02-20

#: 100.00 - 100.00

GS: LT-UNK

RC: PostC

NANO: No

ROLE: Base Material

HAZARD TYPE

AGENCY AND LIST TITLES

WARNINGS

None found

No warnings found on HPD Priority Hazard Lists

SUBSTANCE NOTES: TerraCORE® Poly is manufactured without the use of water and 100% recyclable. The product contains over 80% post-consumer recycled material and does not use any added chemicals or binders. TerraCORE® Poly is VOC free and a safe, non-irritant, non-toxic and non-allergenic product.

Section 3: Certifications and Compliance

This section lists applicable certification and standards compliance information for VOC emissions and VOC content. Other types of health or environmental performance testing or certifications completed for the product may be provided.

Section 4: Accessories

This section lists related products or materials that the manufacturer requires or recommends for installation (such as adhesives or fasteners), maintenance, cleaning, or operations. For information relating to the contents of these related products, refer to their applicable Health Product Declarations, if available.

FABRITRAK, GEOTRAK AND FABRISPAN WIDE WIDTH FABRICS

HPD URL: <https://www.fabritrak.com/products>

CONDITION WHEN RECOMMENDED OR REQUIRED AND/OR OTHER NOTES:

FabriTRAK® and eco-friendly, PVC-free GeoTRAK® offer over 50 wall and ceiling trak profiles, that combined with TerraCORE® Poly infill and fabric, will enhance any space and improve acoustics.

Section 5: General Notes

Terra CORE® Poly is an environmentally friendly substitution for fiberglass infill or as a stand-alone wall solution.

The Health Product Declaration (HPD) Open Standard provides for the disclosure of product contents and potential associated human and environmental health hazards. Hazard associations are based on the HPD Priority Hazard Lists, the GreenScreen List Translator™, and when available, full GreenScreen® assessments. The HPD Open Standard v2.1 is not:

- a method for the assessment of exposure or risk associated with product handling or use,
- a method for assessing potential health impacts of: (i) substances used or created during the manufacturing process or (ii) substances created after the product is delivered for end use.

Information about life cycle, exposure and/or risk assessments performed on the product may be reported by the manufacturer in appropriate Notes sections, and/or, where applicable, in the Certifications section.

The HPD Open Standard was created and is supported by the Health Product Declaration Collaborative (the HPD Collaborative), a customer-led organization composed of stakeholders throughout the building industry that is committed to the continuous improvement of building products through transparency, openness, and innovation throughout the product supply chain.

The product manufacturer and any applicable independent verifier are solely responsible for the accuracy of statements and claims made in this HPD and for compliance with the HPD standard noted.
